CHOCOLATE DECORATIONS  
INCLUSIONS & TOPPINGS  
3RD EDITION

[WWW.SMET.BE](http://WWW.SMET.BE)

# SMET WORLDWIDE

From our facilities in Belgium, The Netherlands, Germany, Poland, Canada and Indonesia we supply our customers worldwide. This allows us to be customer-oriented, reliable and ensure fast deliveries. Our organisation is centered on our customers' satisfaction and wishes.

Smet is a renowned Belgian company with a very comprehensive offering. We are an expert in high-quality chocolate products and sweets, we manufacture semi-finished products such as inclusions and toppings but also consumer products and transfer sheets.

For over 50 years, Smet has been known as a decoration supplier and problem solver for the industry. We strive to supply the best finished products that meet the highest quality requirements to satisfy our customers!

## 3D / 4D INCLUSIONS & TOPPINGS

HIGHLY DETAILED

Smet's 3D or 4D chocolate inclusions and toppings are ideal for decorating cakes, pralines, desserts or to mix with cereals, ice-cream or yoghurt. With their pleasant shapes, highly detailed textures and great color possibilities, kids and adults will love them. Every piece is made with the greatest care and with 100% Belgian chocolate, your assurance for the highest quality, look and taste every time!

CHILD LABOUR AND SLAVERY

We raise awareness of this issue with our suppliers to ensure that no child labour is used to make our products. Smet and their suppliers strongly condemn slavery, forced labour and any practices that exploit, endanger or harm children.

EMPLOYMENT IS FREELY CHOSEN

There is no forced, bonded or involuntary prison labour. Working hours comply with national laws and benchmark industry standards, whichever affords greater protection.

QUALITY CONTROL:

Smet strives to obtain the most highest quality standards. Therefore they review the quality of all factors involved in the production of their products day by day.

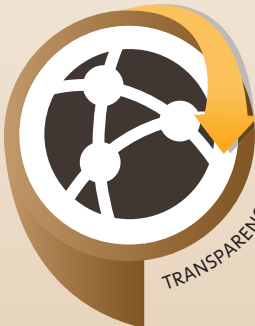

DISCRIMINATION:

Our program aims to ensure that all workers are treated equally, fairly and with the respect and dignity they deserve. Open communication is our key to achieve this standard.

WAGES:

We assess all our final product suppliers to find out if all the workers in the supply chain earn at least the minimum wage and are paid for any over time.

TRANSPARENCY:

We report publicly, and in more detail as its experience grows, on our commitments, activities and impacts to ethical trading. We also encourage our suppliers to be transparent about their ethical trade performance.

SUSTAINABILITY

Contributing to a sustainable supply chain and carrying our responsibility towards society and the environment.

*"As a Belgian chocolate company, fair trade and durability are a high priorities for us. In order to help the smallest "cocoa farmers" in Ghana along, Smet has supported the construction of the preschool financially and has delivered didactic materials. By now, the preschool has been completed and it has recently gotten its own computer space which is a valuable addition for the school, as well as for the children of Ghana."*

WORKING CONDITIONS

Smet ensures that everyone who makes our products is safe at work and has a healthy working environment. Workers shall receive regular and recorded health and safety training, and such training shall be repeated for new or reassigned workers. Furthermore accommodation, where provided, shall be clean, safe and meet the needs of the workers.

TEAM SPIRIT:

We believe in Synergy! Working together is more efficient, more productive and more fun for the team. The whole is much greater than the sum of the parts.

INNOVATION:

As a problem solver, Smet is the reference for innovation in the chocolate decorations market. Our Research and Development team is working on daily basis to continuously strengthening this position by optimizing recipes and processes to deliver cutting-edge solutions.

Johan Smet  
CEO

## SMET'S DEDICATED CHOCOLATE ACADEMY

Due to the growing need to welcome interested customers at a suitable location, Smet has founded "De Chocolaterie", a chocolate production and knowledge centre. In eight months, the original warehouse of Smet has been completely converted into a real chocolate paradise. It consists of a cozy lounge, a modern production space with workshop facilities and a large showroom filled with chocolate products and accessories.

"De Chocolaterie", located in Westmalle, is a modern chocolate academy where customers, but also consumers, can learn everything there is to know about chocolate. A long glass wall separates the showroom from the production area. This open view of the production area allows the customer to take a look behind the scenes. Visitors can take a tour and experience the care that Smet puts into its products.

In addition to having an informative role, "De Chocolaterie" also fulfills an educational role. By means of chocolate workshops on various levels, "De Chocolaterie" wants to give everyone the opportunity to learn about the current possibilities of chocolate. The various application possibilities of the product gamma of Smet can also be shown to the customer here. Everyone is welcome at "De Chocolaterie"; both chocolate experts and chocolate enthusiasts.

"De Chocolaterie" intends to inform and inspire everyone with the wonderful world of chocolate.

In short, "De Chocolaterie" is... A REAL CHOCOLATE ADVENTURE!
