

**Healthy nutrition  
for a better life**

# NINOLAC: a complete, innovative line of nourishing and delicious products.

NINOLAC grew to be one of the most complete nutrition brands in the world. We have now a variety of products bringing healthy nutrition for all ages. Our line of products for infants helps nurturing children from birth to adolescence. Our line of cereal supplements brings scientifically designed nutrition to groups with special needs, like pregnant women, the elderly and diabetics.

## Quality is our number one commitment.

We have more than 50 years of experience in cereals manufacturing, ample business know-how and a trained and dedicated team totally focused on raising the standards of our products.

Behind our high level technology stands a solid quality system.

The system is oriented towards granting that all procedures – manufacturing, filling, storage and delivery – comply with strict quality standards.

This is why we have received for 7 years in a row a GRADE A Food Quality Certification from the BRC (British Retail Consortium), one of the most important and respected quality systems in Europe.

## Our technology grants perfect products.

NINOLAC products are produced in a state of the art manufacturing complex, including rapid mixing and roller drying equipment and fully automated packaging. Consumer safety and full compliance with the European norms are our priorities.

## We aim to constantly innovate in everything we do.

Our line of products is in constant evolution and we seek to manufacture the best products of their class. What's more, thanks to our flexibility we can cooperate with partners in many different ways.

Need your own cereal formulation? NINOLAC is your ideal partner!

Thanks to our very reactive Research & Development team, we can deliver products matching specific formulations requested by our clients.

# BABY CEREALS

## STANDARD

AVAILABLE IN 200g BAG-IN-BOX, 400g TIN AND 30g SACHET

Wheat/Milk

Wheat/Milk/Honey

Rice/Milk

Wheat/Milk/Dates

Wheat/Milk/5 Fruits

Our cereals are specially formulated to meet the nutritional needs of babies. They have no additives. We only use the best ingredients. They are made with partially hydrolysed cereals, what facilitates the digestion and brings a natural sweet taste.
