**SAUCES,  
BOLDNESS &  
*Tradition***

Natura's adventure began in 1939, when a Belgian fisherman, Philippe Vryghem, decided to produce his own mayonnaise for his fish dishes.

For almost thirty years, word of mouth allowed him to sell mayonnaise along with his fish. But in 1970, the success of the mayonnaise was such that he removed the fish from the shop.

In 1990, Arlette Vryghem, the founder's granddaughter, launched a delicious, internationally recognised range of dressings based on natural products of the highest quality.

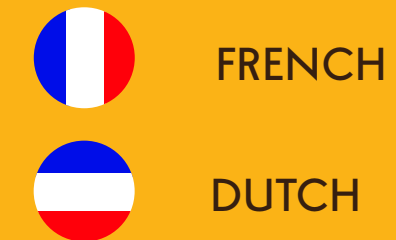

For almost 74 years, quality and traditions have remained very important to the house of Natura. The mayonnaise is always made with the highest quality ingredients and is 100% natural (no preservatives, additives or colourings). Today, Natura is a world reference in mayonnaises and dressings. It has a range of mayonnaises, mustards, ketchups, dressings and chutneys.
