The logo for Cachet features the word "CACHET" in a bold, serif, gold-colored font. A thin, gold-colored curved line starts under the 'C', arches over the 'A' and 'C', and ends under the 'T'.

Welcome to Cachet, our signature chocolate brand, where we elevate chocolate into a work of art inspired by Belgian craftsmanship. Each creation showcases our commitment to quality and innovation. Explore our tablets, pralines, unique flavors, and rich cocoa delights for an unparalleled chocolate experience. Join us in savoring these chocolate masterpieces.

Recently we have identified our social, environmental and climate related impact. The Sustainable Development Goals are a call to action to end poverty, protect the planet and ensure peace and prosperity everywhere.

Our own program which is encouraging the education of children in the cocoa-growing region of Kyela, Tanzania by building schools and educating farmers.

Reducing the environmental impacts thanks to a water treatment installation based on biofermentation. The white roof slows down warming-up of the building. The latest technology for air-conditioning and ventilation.

Last year we avoided the emission of tons of CO2 by choosing renewable energy. Our 4000 solar panels produce 30% of our electricity needs.

ORGANIC Chocolate 100g

The best quality cocoa beans from Uganda, Tanzania and Congo are now blended to give you the ultimate chocolate experience. The East African cocoa contains highly aromatic Tanzanian beans of very limited supply, rich and smoky Ugandan and Congolese cocoa beans. This refreshed organic range continues to support our "Cocoa for Schools" project in South Tanzania and it is Rainforest Alliance certified.

Cocoa for Schools is a NGO established by Fons Maex, the founder of Kim's Chocolates, with a mission to enhance the well-being of numerous cocoa farmers and their families residing in the Kyela, Busokelo, and Rungwe districts of Mbeya, Tanzania. This humble initiative consists of two main components: community development and the enhancement of farmer productivity. We strongly believe that providing access to quality education is the cornerstone for lifting individuals and communities out of poverty. That is why the top priority of our community development efforts is the construction of schools.
