What you see is what you get,
that's the one and only
message of our supreme nougat bars.
Topped with cranberries, almonds,
pistachios, raisins, sliced oranges:
you will struggle to find better tasting
and -looking bars.
Zero nonsense, full of flavour!

supreme nougat bars

This is the lifetime achievement of three family generations, gathering passion and talents around them, in order to bring people together.

Founded in 1926 by Vital Gormez, a young Maître Nougatier with great appetite. He felt that he had to create his own nougat recipe and just boldly went for it. He followed his gut feeling... and did what he had to do: to make the tastiest nougat in the World.

In 1958, Maurice Gormez joins his father's workshop, the start of a growing company. In the 70s, Nougat Vital starts exporting. Around 1990, the team creates a new application for nougat, in the form of nougat granules and nougat cream.

a family history

From 1994, Matthias Haeck and Maurice's daughter Veronique Gormez embody the third generation. In 2005, they take a large leap with the construction of a state-of-the-art production hall. From 2010, Vital produces organic and fair trade nougat. Vital 1926 NV is IFS Higher Level certified.

quality standards

We have been manufacturing craft nougat for three generations in our company near Ghent in Flanders, Belgium. We do not compromise on quality. We probably serve you the tastiest nougat you may have tasted yet.
