AERTS

Introduction

In 2000, 8 friends started a beer tasting club. After several tasting sessions they grew an interest to brew beers themselves. In 2004 a homebrew installation was bought and the experimenting started. In 2008 we felt confident enough to launch our first beer: Schuppenboer or translated in English the Jack of Spades. This beer and more to follow were brewed in small breweries all around Belgium. In 2012 the friends decided to build their own brewery. Three years later they managed to fulfil their dream. Today Het Nest is one of the best Belgian Craft Breweries known for its typical Belgian style beers but with a bit extra character.

Brewery Het Nest is located near Turnhout, a city known for its over 300 year playing card industry. To honour this traditional industry the brewers named all their beers after playing cards.

In 2020 we merged with Brewery-Distillery Pirlot adding Kempisch Vuur, Aerts and Serafijn in our beer portfolio and last but not least: whisky and gin!

A photograph showing several wooden barrels with metal hoops, arranged in a row in a cellar. The barrels are made of light-colored wood and are bound with silver metal hoops. The background is a plain, light-colored wall.

Barrel Aging

Brewery Het Nest is known for its barrel aged beers. To reach the highest quality standards the wood barrels are stored in the breweries cellar where they age for 6 months to sometimes up to 2 years under the most optimal climate conditions.

The barrels are carefully selected using only those that are still full of flavors when they arrive. To get the best barrels possible, brewery Het Nest works with different partners all over the world like Scotland for the whisky barrels or the Caribbean for the most exquisite rum barrels.

SchuppenBoer

TRIPEL

33cl.
8% Alc. Vol.

Brewed and bottled in Belgium.

Ingredients

Water, barley malt, fermentable sugar, hops, coriander, yeast.

Specifications

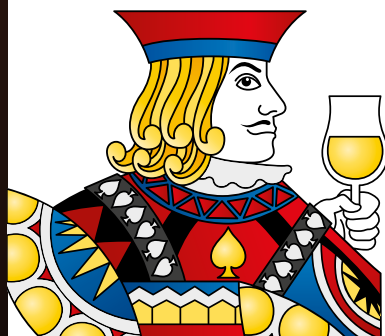

Original Extract (° Plato)	17,5
Apparent Extract (° Plato)	3,7
Color EBC	10
Bitterness EBU	38
Alcohol content (% vol.alc.)	8,0

Description

Strong gold colored beer with a stable white head. Aroma of noble hops combined with notes of fruit and yeast. Mild fruity, sweet bitter taste hiding the high alcohol level very well.

Foodparing

Grilled meat dishes, seafood, hard cheeses, fruit desserts.

KlevereTien

ZWART & STRAF

33cl.
10% Alc. Vol.

Brewed and bottled in Belgium.

10

Ingredients

Water, barley malt, fermentable sugar, anise, yeast.

Specifications

Original Extract (° Plato)	42,1
Apparent Extract (° Plato)	6,4
Color EBC	85
Bitterness EBU	45
Alcohol content (% vol.alc.)	10,0

Description

KlevereTien is almost black, but has nothing or little of a stout. The taste is mainly spicy with a touch of liquorice, caramel and dark fruit. The delicious alcohol warmth is enjoyed afterwards. Whoever needs a heart-warming beer on a cold winter evening can do no better than a KlevereTien.

Foodparing

Chocolate, blew cheese, Flemish stew.

SchuppenAas

AMBER

33cl.
6,5% Alc. Vol.

Brewed and bottled in Belgium.

Ingredients

Water, barley malt, fermentable sugar, hops, yeast.

Specifications

Original Extract (° Plato)	14,7
Apparent Extract (° Plato)	1,0
Color EBC	40
Bitterness EBU	44
Alcohol content (% vol.alc.)	6,5

Description

Amber colored beer with a rocky white foam. The nose reveals already the presence of the famous *Brettanomyces* yeast used in Lambic and Oude Gueuze. Unlike these beers the SchuppenAas is not sour, but rather dry bitter with an interesting pallet of citric flavors.

Foodparing

Smoked fish, cold meat, saleds, pâté.

HertenHeer

BLOND
