# OUR VALUES : VALAYA

LIVE SIMPLY. SIMPLY LIVE.

## A SUSTAINABLE FUTURE FOR PEOPLE AND THE PLANET

We believe in preserving harmony with nature and respecting the circle of earth on our beautiful planet. Nature is one with us, and all of us are within one.

Valaya (Sanskrit for 'Circle') has a mission to cultivate a sustainable, conscious collective in complete and lasting unity.

## YOUR REAL EMPLOYER IS NATURE, NOT THE ECONOMY

Our vision is a philosophy, not a commodity. We believe in unifying as a whole in equanimity. The usual vision of the world is profoundly based on the notion everything is divided into individual units of one. In this perspective, the world is viewed as fragmented, as divided rather than unified.

Division is not the future; unity is.

WE ARE ONE CIRCLE, WE ARE VALAYA
